GENERAL INFORMATION

This Circular contains the titles of books approved or recommended for use in 1963. As other suitable books appear during the year they will be added by supplements to Circular 14.

Wherever possible, books written by Canadian authors and produced by Canadian publishers will be chosen for these lists.

Titles of books that are marked with an asterisk are approved for use in 1963, but they are likely to be removed from the lists for 1964. Boards would be unwise to undertake the purchase of new sets of these books; purchases should be limited to the replacement of lost or damaged volumes for immediate use.

Where a school has a class set of a book that has just been removed from the lists, it would be wasteful to discard the set if it is in reasonably good condition and if it is still considered useful. As reference or supplementary books these volumes can be retained in the school for use until they are no longer serviceable or of value.

Local Co-ordinating Committees are again invited to submit, through the Office of the Superintendent of Curriculum, Department of Education, Parliament Buildings, Toronto, suggestions for books to appear on supplementary lists later in the year. If a Co-ordinating Committee desires to use a text-book which does not appear on the approved list, application may be made to have it considered for approved listing.

GRANTS (Grades 1 to 10)

Schedules A and B contain the titles of text-books referred to in sections 32 and 34 of Part 4 of the Regulation, General Legislative Grants (O. Reg. 32/63), which read:

"32. The board of a public or separate school shall be paid a grant equal to the amount expended in the preceding year for text-books approved under paragraph 33 of subsection 1 of section 12 of the Act, not exceeding an amount computed by multiplying \$3 by the average daily attendance in kindergarten to Grade 10, both inclusive, during the preceding year, but excluding from the computation the average daily attendance of those pupils whose fees are payable by another board or by the Minister."

"34. The board of a high, continuation, or vocational school shall be paid a grant equal to the amount expended in the preceding year for text-books approved under paragraph 33 of subsection 1 of section 12 of the Act, not exceeding an amount computed by multiplying \$3 by the average daily attendance of pupils in grades 9 and 10 during the preceding year, but excluding from the computation average daily attendance of those pupils whose fees are payable by another board or by the Minister."

Under present Regulations, attendance in Grades 9 and 10 only may be included for purposes of calculating the maximum expenditure on which a Board may claim reimbursement grants for the purchase of text-books listed in Schedule B. Attendance of pupils from other high school districts is excluded from this calculation.

Boards will be reimbursed in 1964 for amounts expended in 1963 for text-books listed in Schedules A and B to the extent and within the limits provided in the Regulations then in effect. Reference should, therefore, be made to the latest Regulations for an authoritative statement on text-book grants.

Books selected from Schedules A and B that are purchased by a Board and included in claims for repayment grants, remain the property of the Board. Where these books are loaned to the pupils, they should be collected at the end of the school year so that they may be used again. In all cases the schools should see that proper care is taken of the books, keeping in mind that they belong to the Board and are intended to be used for more than one school year.

SELECTION OF TEXT-BOOKS

The following extracts from the Statutes relate to text-books:

THE DEPARTMENT OF EDUCATION ACT

10. (2) The Minister may,

(e) approve text-books for use in Grade 13.

12.—(1) Subject to the provisions of any statute in that behalf and to the approval of the Lieutenant Governor in Council, the Minister may make regulations with respect to schools or classes established under *The Public Schools Act*, *The Separate Schools Act*, *The Schools Administration Act*, *The Secondary Schools and Boards of Education Act*, or this Act, or any predecessor of any of such Acts, and with respect to all other schools supported in whole or in part by public money,

4. requiring boards to purchase books for the use of pupils;

33. approving the text-books for use in Grades 1 to 12 inclusive;

THE SCHOOLS ADMINISTRATION ACT

20.—(1) A teacher shall not use or permit to be used as a text-book in a prescribed subject in an elementary or secondary school any book that is not approved by the Minister or the regulations, and the Minister, upon the report of the inspector concerned, may withhold the whole or any part of the legislative grants in respect of any school in which an unapproved book is so used.

(2) Where a teacher uses as a text-book, or negligently or wilfully permits to be used as a text-book by the pupils of his school, in a prescribed subject, a book that is not approved by the Minister or the regulations, the Minister, on the report of the inspector of the school, may suspend the teacher and the board that operates the school may deduct from the teacher's salary a sum equal to so much of the legislative grants as has been withheld on account of the use of the book or any less sum at its discretion.

(3) Subject to the written approval of the board that operates the school, a teacher may replace any approved text-book that is in actual use in an elementary or secondary school by any other approved text-book on the same subject.

22. (2) It is the duty of a principal, in addition to his duties as a teacher,

(f) to prevent the use by pupils of text-books that are not authorized by the regulations or prescribed by the Minister;

35. A board may,

10. provide for the use of pupils text-books and other school supplies, and either furnish them to the pupils free of charge or collect for the use thereof from their parents or guardians a sum not exceeding 25 cents per pupil in each month of the school year to assist in defraying the cost thereof;

The following extracts from the Regulations relate to text-books:

ELEMENTARY SCHOOLS—GENERAL

**Regulation 81 of
Revised Regulations of Ontario, 1960
as amended by O. Reg. 29/63**

2. (1) Each school shall be equipped with

(d) (ii) atlases in numbers sufficient for class use in Grades 4 to 10, both inclusive,

(3) The board shall provide the school library with

(d) text-books selected with the approval of the inspector from those approved under paragraph 33 of subsection 1 of section 12 of the Act.

SECONDARY SCHOOLS

**Regulation 98 of
Revised Regulations of Ontario, 1960
as amended by O. Reg. 136/62**

17. The text-books approved under paragraph 33 of subsection 1 of section 12 of the Act shall be used in Grades 9, 10, 11, and 12 of secondary schools.

18. (1) Subject to the approval of the board by resolution, the principal shall select the text-books for use in Grades 9 to 13, both inclusive, from the list of text-books approved under clause e of subsection 2 of section 10, or paragraph 33 of subsection 1 of section 12 of the Act, as the case may be.

(2) When the inspector makes his official visit to a school, the principal shall furnish him with a copy of each of the text-book resolutions dated and certified by the secretary of the board.

AVAILABILITY OF TEXT-BOOKS FOR GRADES 9 TO 13

To ensure an adequate supply of text-books for each school it is imperative that the needs of the schools be known by the publishers so that stock can be maintained at a sufficiently high level to fill all orders. It is also important that the required number of texts be available locally so that students may secure the books they need either through the school or from local book dealers. Both these requirements create a number of difficulties which can be overcome to a considerable extent if the necessary information is provided.

Most principals now prepare a list of text-books which students are asked to secure for the next school year. To assist in meeting the first problem of adequate stock a number of schools have in the past made copies of their lists available to the publishers. This information has been found to be most helpful. So that a more complete indication of the needs may be available and to minimize the work involved, each principal having classes in any of Grades 9 to 13 is asked to prepare lists of text-books for the pupils of his school.

So that this information may be of maximum value it is requested that the following be shown on each class sheet:

- (1) Name of the school and location.
- (2) Name of school board.
- (3) Name of Programme and Branch, where applicable.
- (4) Grade
- (5) Approximate enrolment.
- (6) Subjects arranged in order as shown in Circular 14-1963, in so far as this may be possible or applicable.
- (7) Information arranged under each subject in order of title, author(s), specific edition (if applicable), publisher, price (as shown in Circular 14-1963 for texts listed there).

A sample sheet for one grade in a particular Programme is shown at the end of this section.

When a sheet for each grade and each Programme and Branch has been prepared the principal is asked to assemble three complete sets for his school. The principal of a secondary school should forward the three sets to the Superintendent of Curriculum and Text-Books, Department of Education, Parliament Buildings, Toronto, by May 31, 1963. The principal of an elementary school having Grades 9 and 10

should forward his lists to his inspector who will in turn forward the lists for his inspectorate to the Superintendent of Curriculum and Text-Books, Department of Education, Parliament Buildings, Toronto, by May 31, 1963.

It will, of course, be expected that all text-books will have been selected by the teachers and principal subject to the approval of the school board by resolution as required by The Schools Administration Act and the Regulation, extracts from which are printed in this Circular.

Although the titles of books to be used in English Literature courses are not shown in Circular 14, the full title (and the name of the particular edition if such is required) should be included in this list. If a particular edition is to be required, the cost involved should be considered in the choice and the price drawn to the attention of the board when formal approval is sought. It should be noted that the requirement of particular editions of English books in Circular 58, RP-4 and other Departmental bulletins applies in only a few cases. In all other cases it is considered that any standard edition which the pupil may have available to him might be used.

Where the students obtain text-books through local book-sellers, the principal should assure himself, in so far as this is possible, that the quantities to be available locally will be adequate to meet the needs of the students. In many communities the principal will be able to give specific information about the text-book needs of his school to local book dealers.

The information to be provided in the manner set out above will supplement other data made available to the publishers by the Department on enrolments for the Provinces as a whole, on the needs for texts based on past experience and on estimates of future requirements. While it is recognized that there will probably still be some problems of over-supply of texts in certain areas and under-supply in others, it is anticipated that with the co-operation of the schools and local suppliers it will be possible to reduce these difficulties to a minimum.

APPROVAL OF TEXT-BOOKS

Throughout the year, the Department receives a great number of enquiries as to whether certain new text-books have been or will be approved for listing in Circular 14.

It seems, therefore, desirable to indicate the procedure that is followed when a new text is published. The publisher submits to the Curriculum Branch six copies of each new text that he wishes considered for listing. The Department then sends a copy to each of several readers or critics for comments and criticisms. The books are examined in the light of certain established criteria, and reports are submitted to the Department. When the reports are received, they are reviewed in detail and a recommendation is prepared. This process takes some time, but it is necessary to ensure by thorough examination that only the best text-books are put in the hands of students.

If a book is recommended for listing in Circular 14 and the recommendation is approved, the book is included in the next issue of the Circular or in a supplement to it. Two supplements are issued during the calendar year. Until the title of a book appears in one of these lists, it should be assumed that the examination of the book is not yet complete or that the book has been rejected as unsatisfactory. If those responsible for the selection of text-books bear this in mind, it will be possible to avoid the purchase, either by pupils or by Boards, of books that cannot be used because they have not been approved.

SCHEDULE A

Books Approved for Permissive Use (Grades 1 to 8)

Schedule A contains the titles of books approved for permissive use in Grades 1 to 8 of the several types of schools. Pupils will not be required to buy these books. School Boards will be required to provide Readers and other text-books selected from Schedule A in numbers sufficient for the use of the pupils. Boards should make their selections after consultation with teachers, principals, and inspectors concerned.

PRIMARY DIVISION

READING

Schools should not discard Readers that are in satisfactory condition. In larger schools it should be possible to fill out any shortages by using the older books from one classroom to complete sets in other classrooms. The new Readers might then be purchased for one classroom. Even when the new Readers have been adopted, the older ones should be retained in the classroom as supplementary readers until they are no longer usable.

SCHEDULE B

Books Approved for Permissive Use (Grades 9 and 10)

Schedule B contains the titles of books approved for permissive use in Grades 9 and 10 of the several types of schools. Boards may select from this Schedule and provide some or all of the text-books required for pupils. Under present Regulations, attendance of pupils from other high school districts is excluded from the calculation for determining the maximum expenditure eligible for reimbursement grant in accordance with the Regulations.

SCHEDULE D

Some Books in Use in Grade 13

Schedule D contains the titles of some of the books in use in Grade 13. The list is not necessarily complete nor is it intended to be restrictive. It should not be interpreted as limiting the teacher's freedom of choice in this Grade. Expenditures to purchase these books are not to be included in claims for reimbursement grants.

The books prescribed annually for the examination in English Literature and for the Authors papers in the languages are listed in Circular 58 for the current school year.

SCHEDULE E

Supplementary and Reference Books (Grades 1 to 13)

Schedule E contains the titles of books that do not qualify for inclusion in previous Schedules, either because they do not cover a complete course or because they are not strictly pupils' text-books. They are, however, related to parts of the courses of study and are of sufficient merit to warrant inclusion in school or classroom libraries or to serve as reference books. Expenditures to purchase these books are not to be included in claims for reimbursement grants.

DEPARTMENT OF EDUCATION

Memorandum to Directors and Superintendents
Principals of Secondary Schools
Elementary School Inspectors
Secretaries of Secondary School Boards

Re: Provision of Text-Books for Students in
Grades 9 and 10, effective September, 1964

Since 1951, school boards have been able to provide some or all text-books for students in Grades 9 and 10 and receive a reimbursement grant of up to \$3.00 per student of average daily attendance for the preceding year on expenditures made by the boards for this purpose. As a result most schools and boards have built up a substantial supply of approved text-books. They have also gained considerable experience in the ordering, processing, and distribution to students of these texts.

The success of the plan for provision of some texts in Grades 9 and 10 and of the policy for provision of all texts in Grades 1 to 8 resulted in the decision to have all texts for students in Grades 9 and 10 provided by the boards, effective with the opening of school in September, 1964. A public announcement of this extension of policy, already in effect at the earlier grade levels, was made in September, 1963.

Under the new plan elementary and secondary school boards will be required to provide all text-books to be used in all courses of Grades 9 and 10. This includes texts in English literature and in the authors of foreign language courses.

To maintain a degree of flexibility in the selection of text-books in English literature, in the authors of foreign language courses, and in other subject areas where no texts are included in the approved lists in Circular 14 (e.g. special type schools teaching gardening, beauty culture, service station operation) principals may select the texts to be used where these are required, subject to the approval of the board by resolution.

As was pointed out above, boards will have established a considerable equity through the purchase of texts with the grants paid on expenditures for this purpose in previous years. In addition, the Department of Education will pay in 1964 two grants of \$6.00 or a total of

\$12.00 per student of average daily attendance in 1963, to assist the boards to extend the policy of provision of texts without direct charge to the students. When the initial supply of texts has been provided in 1964, it is the intention to pay in 1965 and subsequent years a grant of \$6.00 per student of average daily attendance for the preceding year to help provide replacements for worn out books and for additions because of increasing enrolments, new courses and the like.

Copies of amendments to the Regulations incorporating the changes set out above will be sent to boards and schools as soon as they are available.

A handwritten signature in dark ink, appearing to read "J. S. Ainsworth". The signature is fluid and cursive, with a long horizontal stroke at the end.

Chief Director of Education.

Toronto, December 27, 1963.
